What a wonderful world

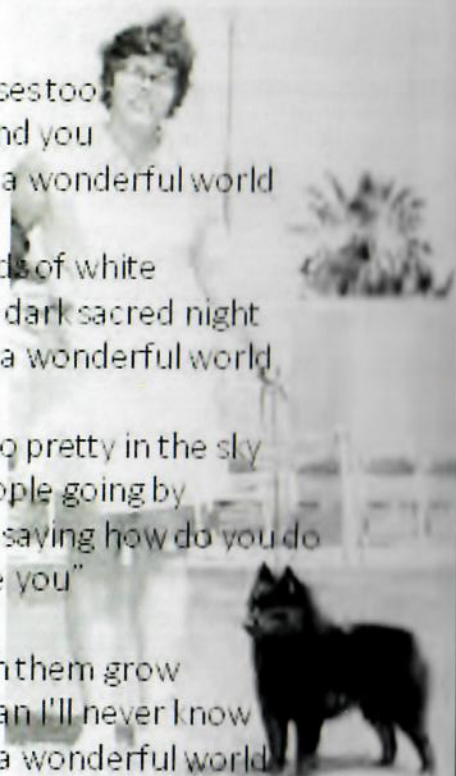

I see trees of green, red roses too
I see them bloom for me and you
And I think to myself, what a wonderful world

I see skies of blue and clouds of white
The bright blessed day, the dark sacred night
And I think to myself, what a wonderful world

The colors of the rainbow so pretty in the sky
Are also on the faces of people going by
I see friends shaking hands saying how do you do
They're really saying "I love you"

I hear babies crying, I watch them grow
They'll learn much more than I'll ever know
And I think to myself, what a wonderful world
Yes I think to myself, what a wonderful world

De Sang Bleu

Honors the Memory of Eileen Lane
Spindrift Schipperkes

Dick and Eileen Lane began breeding Schipperkes in the early 1970's. The first litters in co-ownership with Jetstar Kennels and with the LenRik suffix. Later they settled on the famous "Spindrift" kennel name. After Dick's passing Eileen and her kids (Laura, Michelle, David and Val) continued showing and breeding. Her granddaughter Megan is active showing and breeding today

When we started in Skips Eileen had the areas current big winner Ch Jetstars Secretariat O'LenRik (Seth), whom we asked to breed our Ch Belle Noire Nothing Else (Prett) to. At the time of the breeding she said we may be interested in using Ch Jetstars Jaguar of Len Rik (Beaver) instead and of course we were. The success of this first breeding has kept our interest in Skips to this day. We greatly valued the many years of Eileen's advice and more than that the friendship.

Most Skip people don't know the influence the Lanes breeding has had through the years. Canine Chronicle listing of Best In Show Skips for the last 18 years all trace back to their breeding. The last 5 years of top 20 breed and all breed Skips all trace lineage to their breeding.

We dearly miss Eileen's friendship and honor the contributions she has made to the breed she loved.

De Sang Bleu

Tribute to Eileen Lane - Spindrift/Len-rik Schipperkes from Lynn Brown - Ebonystar Schipperkes

I don't know where to begin - so I will just "talk" about some of my memories of Eileen...

One of my first memories of Eileen was at a puppy match in Pasadena. Eileen was there with her husband Richard and all four of their kids, Laura, Michelle, David and Valerie, and a bunch of their Schips. My foundation Schip, Foxy, loved children, and she had a great time being loved on by the Lane kids. Eileen and I stood there watching them play, and I said to her "I think I need to get a kid for my dog". She looked me in the eyes and said with a smile, "I think you may have misplaced priorities". I had to think about that one for a bit. From the very beginning, Eileen always made me think, about a lot of things, not just Schipperkes!

We had so many adventures together (mostly on the way to dog shows), we had so much fun (even aside from "doggy things"), she was like both a sister and a mother to me in so many ways. On our long distance trips, we always took side trips, and discovered many strange and wonderful things in the process. We got to see the Northern Lights, driving late at night on a road trip together to WA state for a National Specialty - what a thrill! One of my favorite things we did was to go in search of unusual, out of the way churches, so Eileen could attend Sunday mass. We got to see the insides of all sorts of wonderful old churches and share in many different types of ceremonies thanks to that. There are too many memories to mention them all, but they'll always bring a smile to my face, and I will miss her and our adventures together terribly.

Most importantly, through our talks, I formed one of the closest friendships in my life, even aside from the dogs. Secondly, through our talks and sharing, I slowly developed what my vision of the perfect Schipperke was. This was possible due to Eileen's mentorship and her outstanding dogs, most especially, the dog I've based my entire breeding program on, CH. Spindrift Sarahtoga (Zeb). Zeb is, to this day, the closest to the epitome of excellence for all things Schipperke I've ever seen.

I learned so much from Eileen and Richard - pedigrees, "landmines" in the breed, which dogs were pre-potent for certain qualities (both bad and good). We discussed genetics, structure, every little piece that was important to our visions of the perfect Schipperke. Ultimately, we agreed on almost everything to do with the dogs (as well as a lot of "life in general" things) and when we did not agree, neither of us ever had a problem in agreeing to disagree and still loving each other anyway.

Eileen and I followed different genetic paths for a time, but we both remained on the same track as to what we believed were the most important qualities for our Schipperkes, breed type as well as temperament, and so our dogs continued to be very similar in type, and at their roots, carried the same genes. For the past 10 plus years, we began, once again, combining our dogs, and I believe that as a result, I am privileged to now have the nicest dogs I've ever had. The past couple of years, Eileen and I discussed what we hoped to see in the future, and planned some future breedings together accordingly, with input from Michelle and Megan as well. The result of some of these discussions will be in attendance at these 2019 specialty shows, via a litter that was planned over a year ago by Eileen, myself, Eileen's daughter Michelle, and Michelle's daughter Megan. I hope that these babies will make Eileen proud, and we can continue to carry on the excellence of the Spindrift Schipperkes that Eileen, Richard and the Lane family have produced over the years. Hopefully these babies, as well as others

we hope to have in the future, will continue to make a positive impact on the Schipperke breed via those wonderful Spindrift bloodlines.

A lot of breed "newcomers" may be surprised to see, if they look back on the pedigrees of their dogs, a majority of today's current top winners go back to Spindrift dogs. The positive impact Eileen has had on our breed has been very significant! I hope that people who are newer to our breed take the time to learn where the "roots" of their own dogs come from and give tribute to those dogs who have given them some of their finest qualities.

Eileen and her family have been a huge presence in my life for the past 45 plus years and brought me so much joy, love and friendship, I am forever in debt to all of them. The Lanes (both Eileen and Richard) are very much my "roots" in anything having to do with Schipperkes. Eileen's friendship and guidance are one of the things I am most thankful for having in my life. Those of you who were close to Eileen will understand it when I say - she will always be with me, and things will never be the same in my life without her physical presence.

This is what I will miss most, fun at the shows with our dogs (L-R Michelle, Eileen, Lynn and Megan) loving our Schipperkes. Thank you to Diane Johnson for this photo!

GRCH. BISS EBONYSTAR MOONSHINER FOLLOW THE LEADER (Hero)

Hero is tightly linebred on Zeb (CH. Spindrift Sarahtoga). Eileen loved him as much as I do, and he is the sire of the litter we planned together. We (Michelle, Megan and I) are very excited about this nice litter - look for them at the Schipperke Specialty shows!

Lynn Brown - Ebonystar Schipperkes - (562) 810-0007

A Tribute to Eileen Lane - Spindrift/Len-rik Schipperkes - from Marvis Sorrell...

I met Eileen Lane at a dog show at the Pomona Fair grounds back when I still had my first schipperke. I had always had hunting dogs and I needed a "big dog in a small package" that could be in a condo. My uncle had working dogs and also schipperkes which were really good dogs. So I got my first schipperke and he was a cool dog. I had no idea about the dog show world, but it was interesting and fun to see bunches of LBD's together. It was bewildering to see the judging process.

Eileen was always very gracious about explaining the judging process. She would also critique dogs and explain to me what to observe and how to compare dogs to the written standard. She also explained that the standard is open to interpretation and that ultimately the whole dog needed to embody as much of the standard as possible, also be a well-balanced whole package and be an example of what I personally thought was a good example of the breed. After listening to her and watching "seas of LBD's", it started to make some sense.

Many years later my eye for observing characteristic of the dogs got better. Eileen would always listen and answer my questions and point out specific dogs to illustrate the point. She was also a fountain of schipperke dog show history. It was fascinating to hear her talk about a particular dog's background and significance to the breed. Eileen always took my questions, whether they were ridiculous or intelligent, seriously and would always give me a considered answer that furthered my understanding of the dogs.

I was lucky to have met her and am grateful to live with one of her wonderful Schipperkes, GRCH Spindrift Bravo. Below is a photo of the Schipperke I am currently showing, GRCH Ebonystar Moonshiner Soft Kitty Warm Kitty, who is line-bred on Eileen's Spindrift Schipperkes.
